Step 3: Create application

To create your application, have your profile, "My Training" and your summary booklet handy.
Take a look at the "My Application Checklist" in the summary booklet.

1. Create using your own (**Profile**) and (if you have practical experience in with the help of your **Motivation/Conclusion of your Career exploration/internships (summary booklet)** your cover letter.

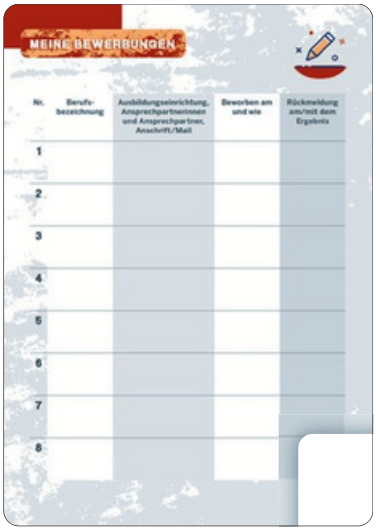

2. **Create your CV using the building blocks (summary booklet).**
your official CV for the apprenticeship position.

When creating your application, pay attention to the following:

What characterizes the professional field/profession?
What makes the company and the apprenticeship position special? What makes me special?

Step 4: Documentation

Have you finished and sent your application? Record your application efforts in the "My Applications" table in your summary booklet.

Step 5: Preparing for the job interview

1. Work in small groups of max. 4 people (divided according to professional fields).

Below you will find typical questions that you may be asked in a job interview.

Discuss together how you can best answer the questions. Together, discuss and find the appropriate answer for each person in your group regarding their apprenticeship position.

(Of course, there isn't enough space in the speech bubbles for some answers. In that case, simply write down important keywords or use another sheet of paper.)

1.
How are you doing?

1.
Thank you, I'm fine, I'm just a little nervous because today's meeting is very important for me.

2.
How and where did you
Have you learned about our training opportunities?

2.

3.
Why do you want to do an apprenticeship instead of continuing school or study?

3.

4.
What, in your view, makes
Does that make the job so interesting?

4.

5.
What do you think one has to do to succeed in this profession?
to be successful?

5.

6.
What qualifications do you think you bring?
for the training?

6.

7.
What are your favorite subjects?
at school?

7.

8.
How do you get along with your classmates?

Teachers?

8.

9.
What are your personal Strengths and weaknesses?

9.

10.
What opportunities do you see for yourself after your training?

10.

11.
Have you contacted any other companies?
applied?

11.

12.
Are there any further questions?
from your side?

12.

2. Which questions did you find difficult to answer and why?
Write down the numbers. You can discuss these questions with the other groups in class right away.
